

Expand Your Capabilities with the J850™ Prime

Purchase a J850™ Prime and choose between **50% off** on either:
PolyJet™ Research Package
or
FabriX™ Innovation Kit

Chamaeleon Origami Bag | Design by Assa Ashuach

Five Reasons to Upgrade

- **Versatile 3DP solution:** One printer, diverse capabilities. Save space, master one technology!
- **Cutting-edge textile applications:** Explore new textile applications; from fashion to active-wear and accessories with greater system control & innovation.
- **True Voxel control:** Define data volumetrically for each 3D Voxel for microscopic precision throughout the model.
- **Design freedom unleashed:** Open software allows users to pause, interact with the model & embed functionality in parts.
- **Lead your field:** Tap the most advanced 3D printing technology. Break barriers in research & fashion.

Not to be combined with any other offer. No substitutions. No additional discounts allowed on this promotion. PO must be received and orders shipped on or before September 30, 2023.
