

Elevate Your 3D Printing Experience with the **J55™ Prime!**

6 Reasons to Upgrade to the J55™ Prime

Lower cost per part

Up to 50% lower cost/ part with Draft Grey in HQS mode, more materials loaded = fewer material swaps further lowering TCO.

Serve more apps + customers

10 base materials, >640K colors and digital materials. VeroUltra Clear for translucent models.

Build more parts per tray

Up to 3.8 x larger build volume, one-piece convenience, more parts / build tray.

Versatile 3DP from art to part

One technology for your end-to-end solution. Fast Draft Grey alpha designs to flexible/tinted full-color, visually brilliant, functional prototypes.

Office-friendly

Quietest printer yet, advanced air-filtration. Install at desk easily for designers, engineers, and students.

Free up time for your team

Eliminate the manual process of support removal, allowing your team to focus on more important tasks.
