

Upgrade to the J850™ Prime!

6 Reasons to Upgrade to the J850™ Prime

Faster Time to Market

Print More Parts in Less Time: 50% faster average throughput. Improve your ROI and address a wider range of applications.

Versatile 3DP solution

Leverage a single technology for rapid Draft Grey alpha designs to full-color, multifaceted, functional prototypes.

Enhance workforce utilization

Up to 16x longer unattended times + reduced purging with less printer interface from larger (4kg) cartridges.

Design freedom unleashed

Flexible and innovative software allows users to pause, interact with the model & embed functionality in parts.

Lead your field

Tap the most advanced 3D printing technology with >640K pantone validated color 3D printer. Break barriers in research & fashion with this Pantone® Validated 3D Printer.

Cutting-edge textile applications

Explore new textile applications; from fashion to active-wear and accessories with greater system control & innovation.

Trade-In your Legacy
Stratasys PolyJet™ Printer
and claim your
